340 Regina

FIM

“ One does not discover new lands without consenting to lose sight of the shore for a very long time”

Andrè Gide

FIM

Innovation, style and elegance

Sinuous and dynamic lines characterize the 340 Regina, the first model of the FIM series – ideal for those seeking elegance and sportiness in one yacht.

With years of experience in boating services, FIM has developed 340 Regina by focusing on the interaction between engineering and design.

The result is a boat that perfectly marries innovation in the yachting industry with the Made in Italy quality admired all over the world.

FIM

The comfort of a yacht, the agility of an open

Extremely versatile, 340 Regina adapts to the personality of the owners who want to combine the elegance of a contemporary yacht with the gritty sailing experience typical of an open sport boat.

The ergonomic console with all the equipment at your fingertips makes piloting the yacht simple, safe and dynamic.

The hull is designed to achieve a low-speed glide, reducing fuel consumption and environmental impact, while also providing high performance.

FIM

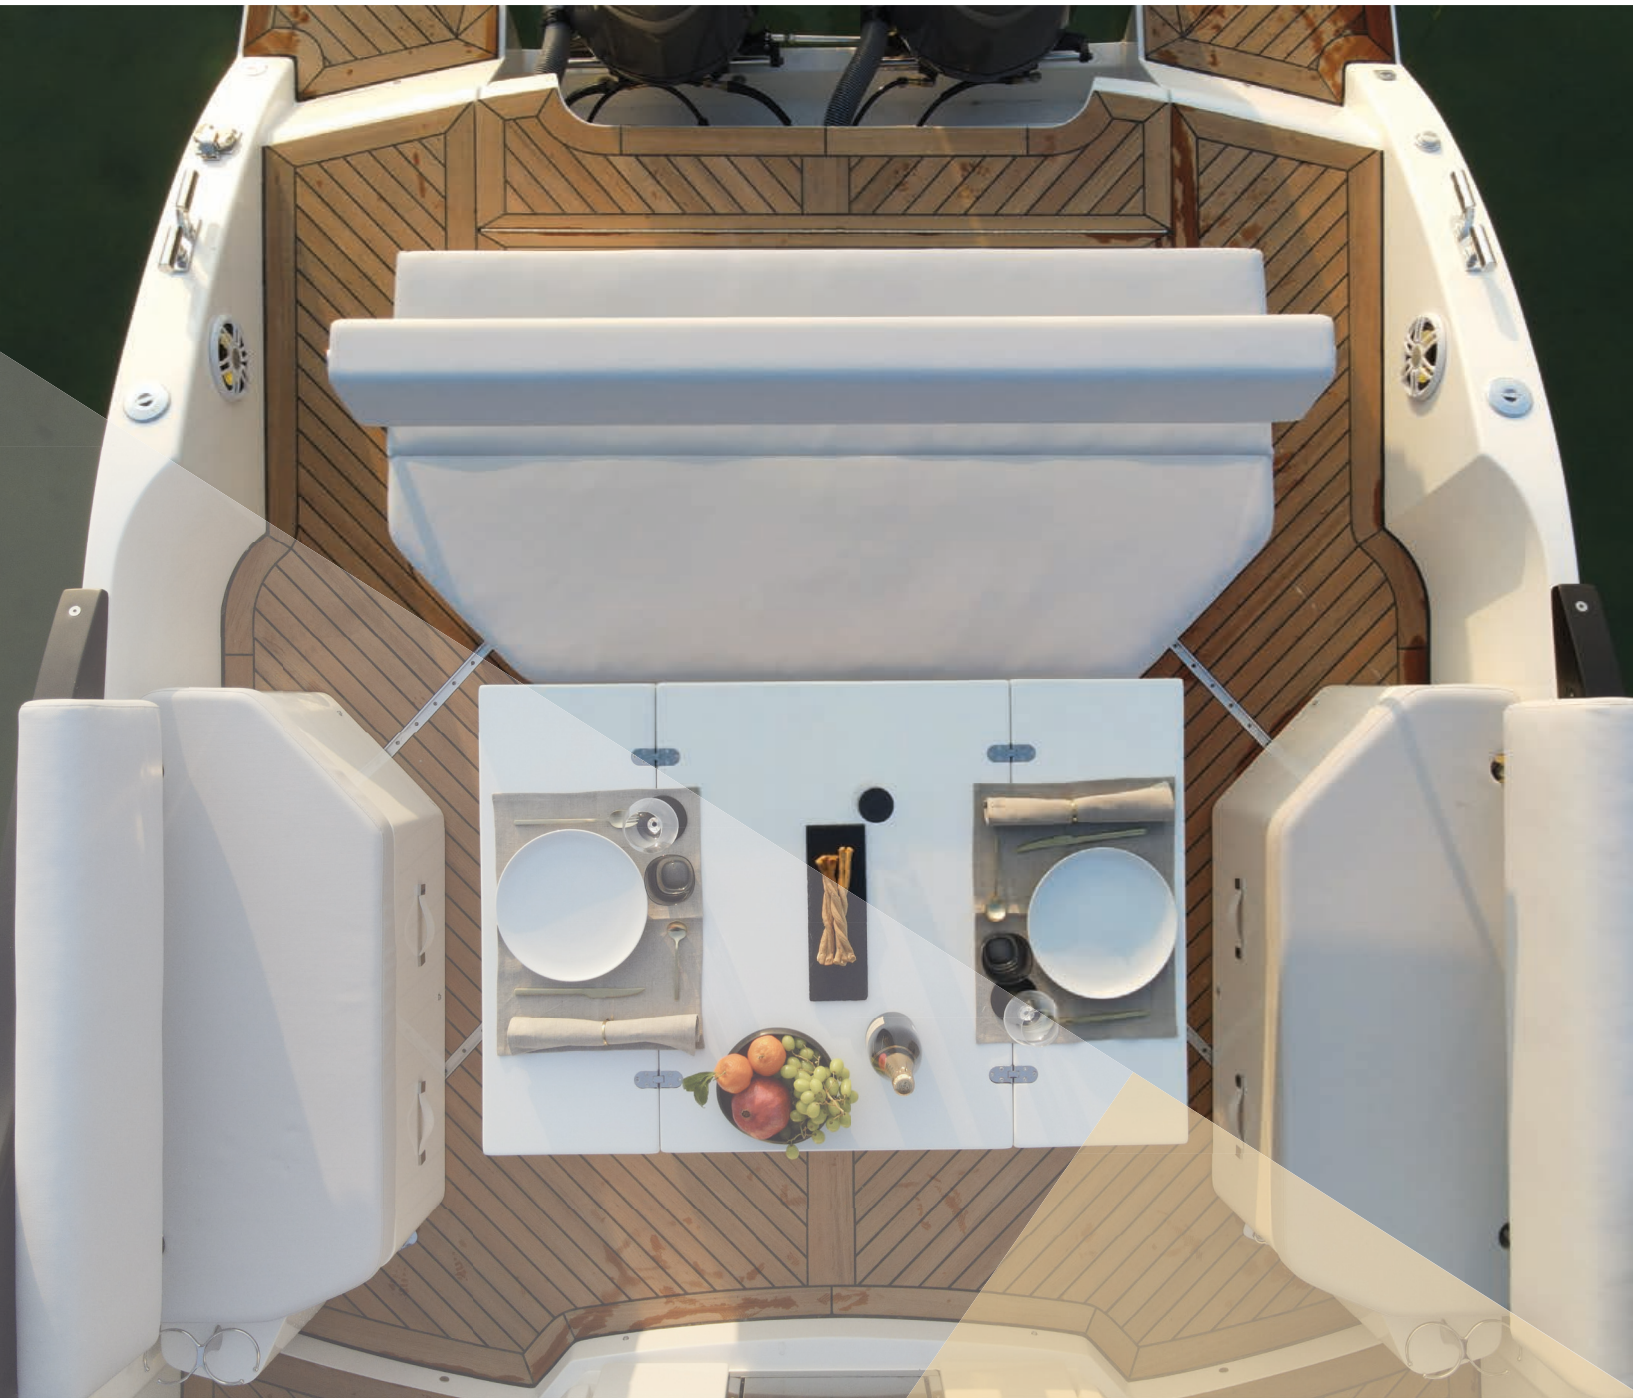
Modularity
key of the outdoor spaces

Thanks to careful planning and construction, space and structures interact to create the modular deck furnishings.

The spacious cockpit includes an optional galley, an extendable table with comfortable seating and a chaise longue, which converts into a spacious and comfortable stern sundeck. Everything is designed to offer moments of relaxation and conviviality on board.

The bow sundeck is the ideal area to fully enjoy long summer days and to treat yourself to moments of leisure.

FIM



Life's pleasures

340 Regina is a yacht designed to celebrate life on board. She is not just speed and high performance; she means passion for discovery, summer warmth on the skin, taste of freedom, and desire to be on the water.

FIM

FIM

Functional luxury

340 Regina offers interior spaces usually found on larger boats. The cabin height exceeds 1.90m, ensuring maximum usability of the spaces below deck.

Thanks to the yacht's large windows and mirrors, natural light in the cabin creates a harmonious atmosphere.

An optional curtain or blackout system allows for optimal privacy.

FIM

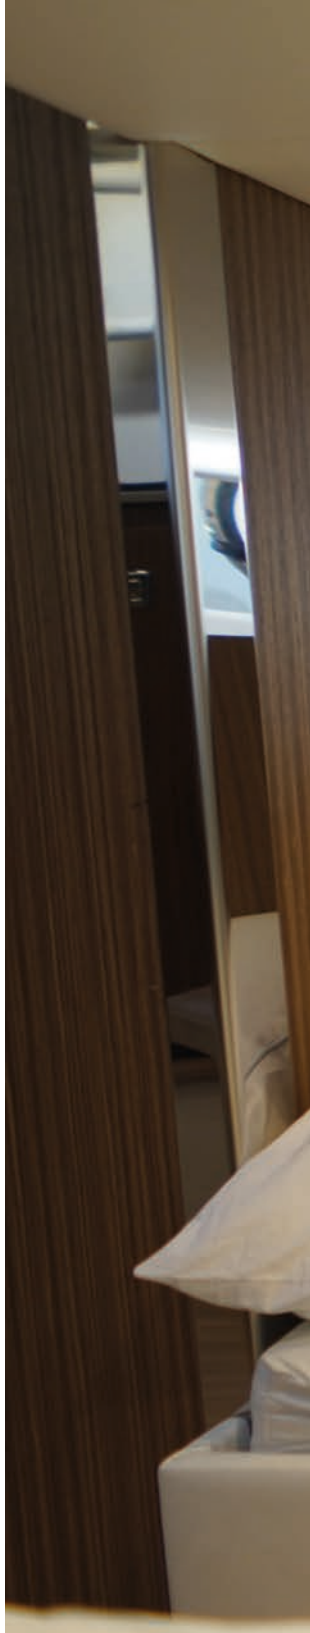
Feel at home

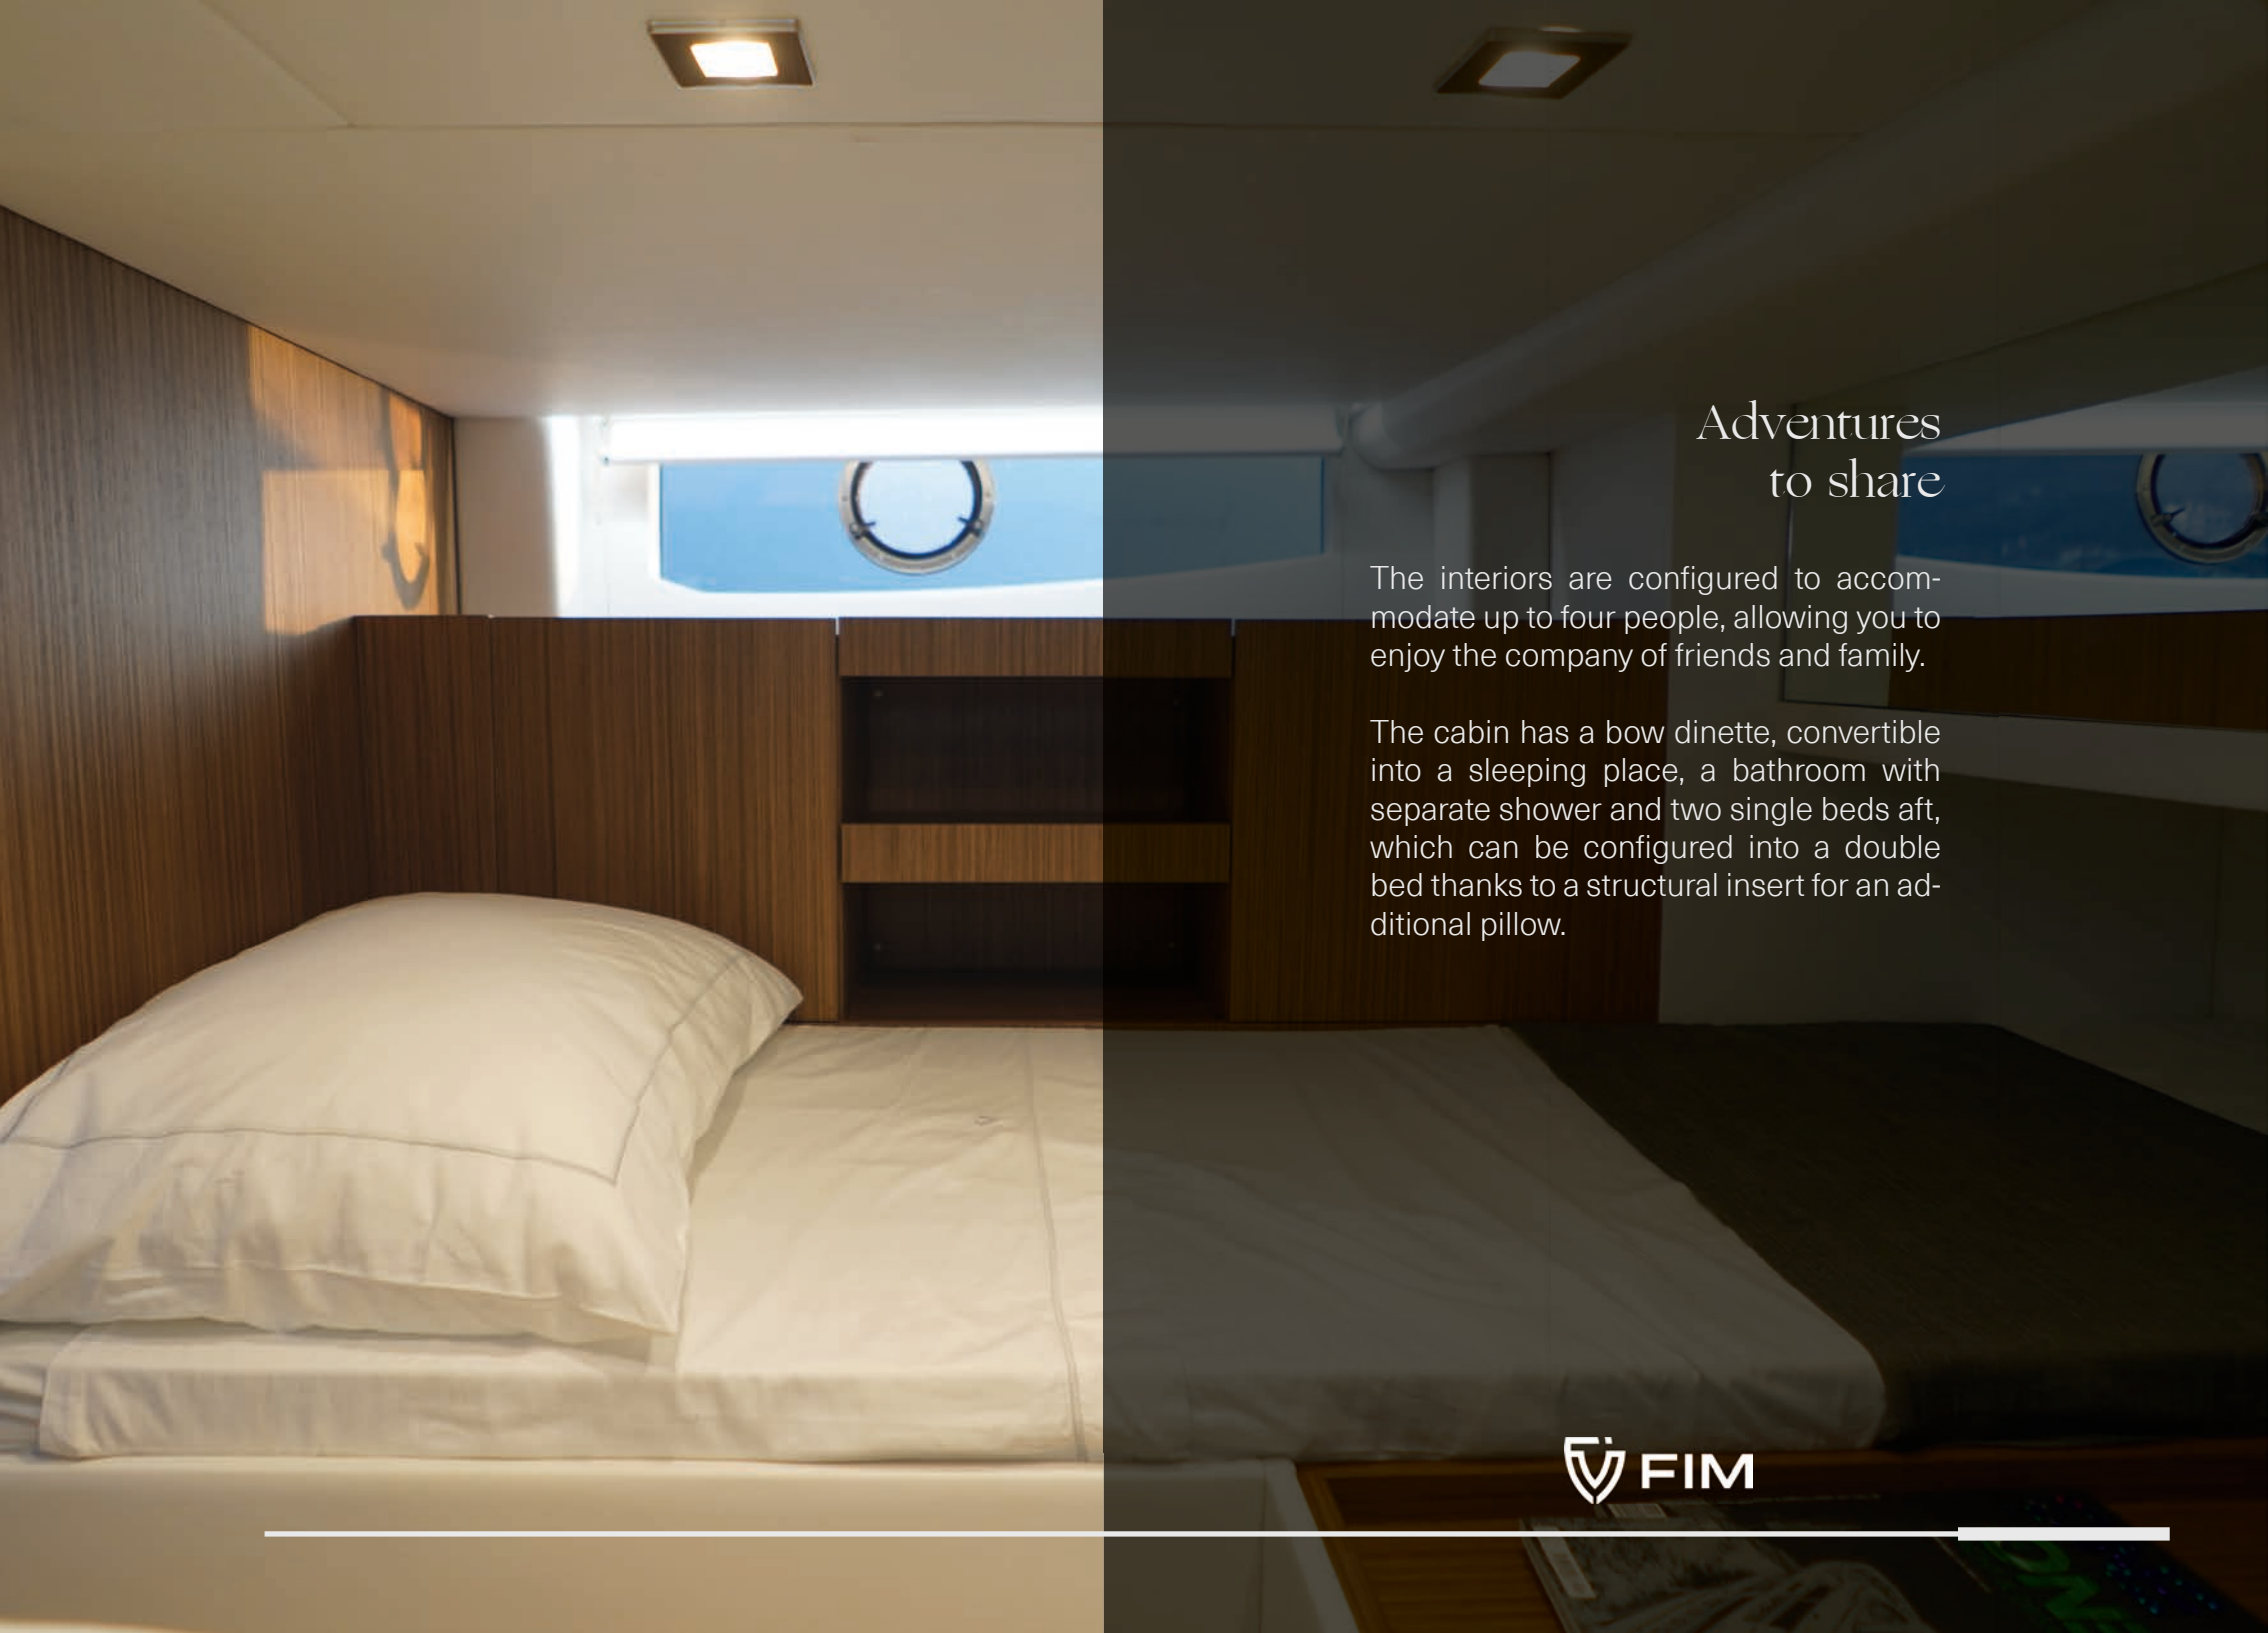
340 Regina is designed to let you fully enjoy your free time.

Owners and guests can explore fascinating places, and then relax surrounded by the luxury and comfort of the interiors.

The yacht's refined style provides all the necessary comforts, carefully tailored with great attention to every detail

FIM





Adventures to share

The interiors are configured to accommodate up to four people, allowing you to enjoy the company of friends and family.

The cabin has a bow dinette, convertible into a sleeping place, a bathroom with separate shower and two single beds aft, which can be configured into a double bed thanks to a structural insert for an additional pillow.

The importance of details

Contemporary details, fine finishes. Everything is conceived with craftsmanship, to give life to a timeless yacht that deserves to be lived in.

A keen eye for beauty

The sporty and elegant lines are repeated in the spaces below deck.

The choice of materials involves the best of Made in Italy: wood, fabric and leather have been carefully selected to respect tradition with a modern touch.
