Absolute 60 FLY

The Absolute Prisma

**ABSOLUTE YACHTS is an inexhaustible source of new proposals,
another new model enriches the already large fleet of Luxury Boats Made in ITALY
and it is the new ABSOLUTE 60 FLY.**

All new, this boat stands out above all for the innovative external lines and the aft terrace, but also internally there are many innovations that will leave you literally speechless starting from the three-cabin layout with owner's cabin in the bow, as on the older sisters, the news they then continue with the use of new materials and luxury boutique hotel finishes.

Performance is excellent thanks to the adoption of two Volvo Penta IPS 1.200 engines (D13 - 900 Hp), easy to maneuver thanks to the joystick and environmentally friendly with very low consumption.
