Capoforte FX 240

Performing and Refined

The FX series welcomes a new protagonist, with an outboard configuration and a hull also suitable for powerful seas. FX240 has nothing to envy to larger models in terms of finishes, features and quality of materials; the dimensions do not affect the balance of lines or the richness you will find on board. In both “leisure” and “fishing” variants, FX 240 offers its guests elegance and versatility, thanks to the bow area that can accommodate a comfortable sofa on the side, or remain free for the most passionate fishermen. As on the 270, the console and driver’s seat are studied in detail to be fully integrated and usable; moreover, also in this case, the relative volumes are designed to obtain a small changing room below deck, which can be equipped with a toilet. For the “fishing” version, an elegant awning with structure in polished steel tubes, equipped with a rod holder, is also available.
